

INFORMATION PACK

Portrait Photoshoot

We can accommodate around 4-6 adults and 2-4 children at the same time. If your group is larger than this, please give us a call to discuss whether there is anything we can do to work around it.

If you adults don't fancy getting involved, that's ok, just get the children in there! It's best to bring a few outfits to make the most of your time. Fairy or superhero costumes are totally acceptable if you like.

Although we will try our best to entertain children during these shoots, you know your children best. Please bring your best tactics with you to get them smiling and laughing, attention spans can be short, but we know how stressful a photoshoot can be for you all and we aim to work with you to make it as easy and fun as possible.

In our studio we have numerous props which can be used as part of the shoot but please feel free to bring along any items that you feel are appropriate for the occasion.

Pet Photoshoot

Pet photoshoots are great fun! Ideally all we need is for your pet to be able to sit on their own or with the family. We have pets ourselves and know they do not always play ball. We have a garden by our studio which is accessible to you and your pets.

We would ask if people could try and get their pets to go to toilet before their shoot but appreciate that accidents do happen. If you could bring treats and toys to keep their attention, plus any outfits you would like. Adults and family can get involved in these photoshoots!

For larger animals you don't need to rule out in having their photos taken. We are happy to attend a venue to get your perfect shots. The cost will be subject to number of the animals in the shoot and the location of the venue. Please contact us on info@omitphotos.co.uk or 0121 663 6652 for more information.

Dance Photoshoot

Dance shoots can be done individually or as a group. We can accommodate around 8 dancers in the studio. As these shoots will be specific to your dance technique we ask that you think about poses you wish us to capture, these can be discussed further during your consultation. We have a variety of equipment that will capture anything from portrait, still poses and action shots.

We suggest that you bring a variety of costumes to make the most of the shoot. If there are any accessories or props you would like to use, please feel free to bring them with you.

We are happy to attend a venue to carry out a shoot if this is required. The cost will be subject to the number of dancers and the location of the venue. Please contact us on info@omitphotos.co.uk for more information.

Newborn Photoshoot

The best age to bring your baby is between 5-14 days but that can stretch to 3 or 6 weeks for some babies. After this time, we suggest you wait until your little one can sit up alone.

Our newborn shoots are relaxed and quiet, white noise can be played if it helps. We would appreciate it if you could try to bring your baby after they have had a feed as it helps them relax.

You can change outfits as often as you want within the shoot.

We have a choice of accessories but if you have any specific ideas you can discuss them during your consultation or simply bring your own outfits with you. Whilst we have several wraps it is our policy not to take photos of bare bottoms at any time.

You can bring gifts such as teddies with names on or blankets with birth dates etc. Adults and siblings can also get involved in these photoshoots!

Bump to Baby Photoshoot

This is a combined package which allows you to capture the journey of having your baby.

Nearly every maternity shoot is completely different to the last. The most important thing to us is that you feel comfortable and happy with the shots we take. We can discuss your preferences during your consultation. We are happy to work with a wide range of styles with mom and her beautiful bump but do ask that partners remain fully clothed.

Mini photoshoot

This is the same as our portrait photoshoots only shorter. We suggest that you plan your shoot and discuss any specific ideas during the consultation so as not to waste time.

Corporate and product photography

Starting from £300, this is a tailor-made photoshoot to suit the needs of your business.

Please email info@omitphotos.co.uk or call on 0121 663 6652 for more information
